## WHAT A LOAD OF RUBBISH

**#REDUCEREUSERECYCLE**

We care about the planet and want to reduce waste wherever we can. We take inspiration from donated materials which we then reimagine and reuse in your bags. Bring out your inner eco-warrior and find a further use for the packaging inside.

## THANK YOU FOR SUPPORTING SMALL BUSINESS

Boredom Bags is the creation of Sheffield based parents - Ellie (a casting director and former nanny) & Kyle (a primary teacher and former actor). Boredom Bags was set up in 2020 in response to parenting and teaching children during the pandemic. Our bags have been keeping children across the UK creatively inspired: whether they have been isolating, celebrating birthdays or simply having some weekend fun with their family.

If you've been gifted your bag why not pay it forwards and send one to a friend you haven't seen in a while!

Enjoy: There are no rules.

We look forward to seeing your snaps!

**#boredombags**

**WHOA-THERE,  
HORSEY!**  
before you empty me on the  
kitchen floor...

let me introduce myself

# First things first...

Take it slow:  
there are days worth of fun in here!

## Oh! And...

tell Grandma this is a QR code:

**1** Point a smartphone camera at the QR Code.

**2** Click on the pop-up notification that appears.

**3** If that doesn't work, download a QR Code-reader app.

## Kits

Boredom Bags contain small parts like glitter, sewing pins and glue, so adult supervision is required for younger children.
